O R D E R

In the reference 3rd read above, M/s SRC Ecotex (India) Private Limited, Madamanuru (V), Manubrolu (M), SPSR Nellore District has applied for permission to draw raw water to a tune of 700 KLD i.e., 0.286 cusecs including transmission losses for 6 months in a year during the crop season for a period of 5 years from Bandepalli branch canal in Nellore District.

2. In the letter 4th read above, the Engineer-in-Chief (Irrigation), Vijayawada based on the report of the Chief Engineer, NTR,TGP, has furnished his report and recommended for allocation of water to M/s SRC Ecotex (INDIA) Pvt. Ltd., Nellore to draw raw water to a tune of 700 KLD i.e., 0.286 cusecs including transmission losses for 6 months in a year during the crop season for a period of 5 years from Bandepalli branch canal in Nellore, subject to the following conditions:

1. The drawl of 700 KLD of water daily from Bandepalli Branch canal for 6 months i.e., During canal flow period (generally November to April) is valid only when the industry utilizes the above required quantity of water in any one of the financial year in a continuous span of 04 years or otherwise, the allotment can be reduced as per actual utilization of water during the above cited period.
2. The firm shall have to bear the additional royalty charges for the transmission losses during the release of raw water from Somasila Reservoir to Irrigation canal.

Contd.P2

3. The water will be spared on the availability of water in Somasila Reservoir.
4. The entire cost of construction of pump-house, pipelines excavation etc. should be borne by the user only.
5. Water meters or suitable measuring devices should be installed at the pump house by the Industry at their own cost to measure the water consumed and should be made available to the Department authorities and the representatives of the user shall be present at the time of inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the Department.
6. The Industry should pay water royalty charges as per Government Memo No.2772, dt.30.09.2015 at the rate of Rs.5.50/- per 1000 gallons or at the revised rates fixed by the Government from time to time. In case of failure to pay water Charges/Royalty, the permissions to draw water shall stand cancelled.
7. No field bodhi or pipeline shall be taken through or along with Government land without approval from the Government and if permission accorded by the Government, the lease amount should be paid as fixed by the Government only.
8. The Industry shall obtain the prior concurrence of concerned Departments for laying pipelines and crossing etc., wherever necessary.
9. The industry should make its own storage arrangements during non supply of water to the canal in accordance to their usage in their premises at their own cost.
10. The Industry should make their own arrangements to dispose the treated effluents as per norms of Andhra Pradesh Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in the natural sources. Necessary clearance from the AP Pollution Control Board is to be obtained in this regard by the firm before drawl of water from source.
11. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
12. The Water Resources Department is no way responsible for non-supply of water due to any reasons.
13. The firm must acquire the private land for installation of pumping arrangements at their own cost. If the Industry proposes to utilize the Government land for installation of pump house, necessary permission is to be obtained from the Government for leasing the land and the lease amount fixed is to be paid by the Industry.
14. The water drawn from the Bandepalli Branch canal should be utilized for the purpose for which permission is granted and any misuse in this regard will entail cancellation of the permission without any notice and the firm is liable for imposition of penalty.
15. The Industry must strengthen the canal margin 100 Mts or as decided by the Water Resources Department, on either side of the

Contd.P3

proposed pump house/off take point to avoid slips, erosion of banks and to protect existing margins as directed by the Department.

16. The Industry should follow the Revenue Board Standing Orders (BSO).
17. The Industry shall pay security deposit at 5.0% on the water charges for the stipulated period as per direction of the Agreement authority.
18. The Industry shall pay one year water charges as advance and any amount due to the Department before entering into Agreement.
19. M/s. SRC Ecotex (INDIA) Pvt. Ltd has to conclude an agreement with the concerned Superintending Engineer within one year after according the approval from the Government of Andhra Pradesh or otherwise the allocation deems to be cancelled.
20. The industry shall obtain approval for the designs and drawings of the pump house and pipelines from the competent authority, and the approved designs and drawings shall be submitted to this office
21. The Industry shall abide by any other conditions laid by the Government/ Department at later date.
22. The firm has to pay the water charges for the estimated quantity in advance at the start of the financial year i.e., before 10th April of every year as per BSO.
23. The consumptive utilization of 700 KLD or 0.286 cusecs of water daily as required by the M/s SRC Ecotex (INDIA) Pvt. Ltd. should not be exceeded under any circumstances.
24. The permission does not confer any Riparian Right to the industry.
25. In case of the industry is getting closed, then the allocation will be automatically gets cancelled.
26. The Firm has to produce the relevant records for Department verification at the end of each quarter periodically.
27. The firm should not create any objection for the Improvements/Modernization works to the said canal in future and they have to relocate the pump / off take point if necessary, with their own cost.
28. The Industry has to construct CC Walls to avoid leakage at pipeline crossings at their own cost.
29. The proposed drawl for this plant should not affect Lower Riparian Rights (LRR) and Upper Riparian Rights (URR) in any manner.
30. The point of drawl should be as fixed by the Department.
31. A detailed plan showing the location of Intake arrangements, pump house, alignment of pipe line and conveyance system should be furnished to the Department for approval.
32. The Department is no way responsible for any damages that may occur to the off-take point and pump house during floods.
33. The Department is not responsible for any dispute that arises with neighboring industries and public and any legal matters.
34. The annual requirement of Water can be spared from Bandepalli branch canal. No more drawl shall be permitted, priority shall be

Contd.P4

given to Drinking water & Irrigation, when the canal receives lean flows.

35. The concerned Executive Engineer will be responsible for enforcing the conditions.
36. Permission is valid for 5 years from the date of approval. The agency has to apply for renewal, if necessary, 3 months before expiry of permission.
37. Non-Adherence to any of the above conditions by the industry will entail cancellation of the permission.

3. Government after careful examination and as recommended by the Engineer-in-Chief (Irrigation), Water Resources Department, hereby accord permission to M/s SRC Ecotex (INDIA) Pvt. Ltd., Nellore to draw raw water to a tune of 700 KLD i.e., 0.286 cusecs including transmission losses for 6 months in a year during the crop season for a period of (5) five years from Bandepalli branch canal in Nellore, subject to the terms and conditions as mentioned at para (2) above.

4. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, Chief Engineer, NTR-TGP, Tirupathi and the Collector & District Magistrate of Nellore District, shall take necessary action accordingly.
